This coupon entitles you to the following:

- A free Water Heater Clean and Check. We will drain your tank type water heater, power flush it, remove and inspect the anode rod and inspect the interior of the water heater for free.
- For raised foundation homes we will crawl under your home and inspect your plumbing for leaks.
- Water pressure check.
- Gas leak check and sediment trap check at furnace and water heater.
- Leak check at the toilets, shower valves and all angle stops and supply lines.
- Mainline sewer camera visual observation (minimum 3" ground level clean out required)
- No purchase necessary. For owner occupied homes only. Not applicable for real estate transactions.

This is just one of the free services we offer thanking you for the last 20 years in business.
